Presentation of traffic results

Following the increase of the stake held by Flughafen Wien AG in Malta Airport at the end of March 2016, the strategic investment is fully consolidated in the interim consolidated financial statements of the Flughafen Wien Group beginning at the end of the first quarter of 2016. For this reason, the entire traffic results for Flughafen Wien AG and its foreign strategic investments have been included in the monthly reports since April 2016. The traffic results for Vienna Airport correspond to the comparable values of the monthly announcements of traffic results up to and including the month of March 2016.
